Watch Your Elbow
 THE desk telephone has more than a hundred parts and is built as delicately as a watch. The smoothness with which it works depends in no small degree upon those who use it. Rough usage is sure to impair its effectiveness.

If the telephone at your elbow is knocked to the floor, its delicate parts are thrown out of adjustment.

Please be careful.

TIMOTHY E. CROWE
DEMOCRATIC CANDI-
DATE FOR RECORDER

Timothy J. Crowe, Democratic candidate for recorder, is forty-eight years of age, married, has four children and resides at 5825 Washington blvd. Received common and high school education. After leaving school engaged in the real estate business on his own account and in 1904 entered the employ of Mills & Co., a real estate firm, as their expert valuator. Remained with Mills & Co. until 1911, when he resigned for a position in the claim department of the Chicago City Railway. Resigned in 1911 to accept appointment by the county clerk as Assistant Chief Clerk of the Tax Extension Department, having

charge of the preparation of all warrants for the collection of general taxes in Cook county, a work requiring an expert knowledge of real estate locations and descriptions. Resigned this position in 1915 to become state bank examiner, in which capacity he served until 1917, and in that year returned to the county clerk's office as Chief Clerk of the Redemption Department. The head of this department must have a very complete understanding of the laws pertaining to titles, taxes and tax titles and the records prove that the work of this office during Mr. Crowe's term was performed in a manner highly satisfactory to all concerned. Remained with the county clerk until 1919, when he was appointed chief clerk to the county treasurer, which position he now holds.

ROBERT E. BURKE'S
PLATFORM

Robert E. Burke, whose petition signed by 2,000 democratic voters has been filed as a candidate for United States senator has announced his platform in an address to the voters of Illinois. He says that:

He is opposed to the League of Nations.
 He favors the independence of Ireland and the self-determination of every small nation on earth.
 He believes in jailing the profiteers in order to reduce the high cost of living.
 He is a friend of organized labor.
 Although a total abstainer himself, he is against prohibition and wants the 18th Amendment repealed. He believes in personal liberty.
 He believes in increasing the salaries of postal employees.
 He believes in giving every soldier, sailor and marine in the late war a bonus.
 He believes in the freedom of the seas.
 He points to the fact that he was elected delegate at large to the Democratic National Convention on an anti-Wilson platform four years ago. That he was the only delegate in the convention to vote against Wilson and that he is proud of that vote now more than ever.

Calvin F. Craig, the able president of the Mechanics & Traders State Bank, deserves great credit for the well deserved popularity of that big West Side institution.

Albert J. Hopkins, who made one of the best United States senators Illinois ever had, would make a great governor.

ALDERMAN FETZER
POPULAR CANDI-
DATE FOR JUDGE

Alderman Fetzer is a council leader. He is chairman of the public health committee and a member of the finance and other important committees, and is recognized as one of the most popular and efficient members of the city council.

Alderman Fetzer was born in Ottumwa, Ill., and has lived in Chicago twenty-four years. He is married and lives at 6542 University avenue. He is a graduate of the Ottawa public schools, attended the University of Illinois for two years, and graduated from the Northwestern University with the degree of LL.B. He has practiced law in Chicago for twenty years. He was assistant state's at-

torney from 1909 to 1913, and was elected alderman from the Seventh ward in 1917 and has served continuously in the council since then.

Alderman Fetzer is a member of the Chicago Bar Association, the Illinois State Bar Association, the Lawyers' Association, is a Mason of high rank and wide connections, is a member of Chicago Lodge No. 4, B. P. O. Elks; Woodlawn Park Lodge, I. O. O. F.; Onawa Tribe, I. O. Red Men; the Woodlawn Park Club, the Chicago Automobile Club and the Woodlawn Business Men's Association.

As chairman of the public health committee he made a long and forceful fight for the reduction of the high cost of living. He led a Chicago civic and official delegation to Washington last January and appeared before the joint committee on agriculture and forestry of the United States Congress in urging protection for the people against profiteers.

Alderman Fetzer has been a consistent advocate of a tag day for policemen and firemen.

"One of the first things that challenged my attention when I entered the council," said Alderman Fetzer today, "was the low salaries paid to city employees, particularly policemen and firemen."

"I persistently fought for better salaries for city employees during my two terms in office as alderman. I worked hard as a member of the finance committee for better pay for city employees."

"During the consideration of the 1920 budget by the city council, I introduced an amendment increasing ward appropriations for ash and garbage removal to the extent of \$800,000, which was passed."

The Mechanics & Traders State Bank is making a splendid record and is gaining new customers and depositors every day. It has an ideal location in the heart of the great west side at the corner of Washington and Desplains street.

Adam Wolf, the popular county assessor, is an ideal public official.

William H. Weaver always made a good public record.

John W. Smyth, the well known insurance man, with offices at 718 West Madison street, is one of the rising young men of Chicago. He is popular, able and energetic and is a booster for everything that makes for the betterment of this, his native city.

Sheriff Charles W. Peters is making a most excellent record. No scandal has attached to his office, and bench, bar and the public commend its efficiency.

ILLINOIS
State News

Springfield.—Announcement of additional road and bridge work, for which contracts are to be let, has been made by the state division of highways. The work advertised included 20 miles of grading, and the construction of two steel bridges, one steel and concrete bridge and nine concrete bridges. The grading is apportioned among the highways and counties as follows: On the Effingham-Fairfield highway, about four miles in Effingham county, and about five miles in Clay and Wayne counties. On the Mount Vernon-Fairfield highway, about a mile and a third in Wayne county. On the Springfield-Danville highway, about three miles in Champaign and Platt counties; and one and one-half miles in Macon county. On the Vandalla-Cairo highway, five and a fourth miles in Union county. Bridge work will be as follows: One 250-foot steel and concrete bridge on the Effingham-Fairfield highway in Clay county; four concrete bridges in Wayne county; Clay counties, same highway. On the Mount Vernon-Fairfield highway, one steel bridge and four concrete bridges in Platt county. Besides these, bids are asked on about one-half mile of earth road construction in Green county near Hillview, and on a third mile of concrete road in Franklin county, near Deering City.

Joliet.—Attempts to crowd into the next few years all the education, physical development and play lost by the nineteen-year-old daughter of Mrs. Mary Kolwinski of Joliet during her 17 years' imprisonment has been planned. The child, locked in a basement because of her crippled body, was found by health authorities. She is unable to walk or talk and her eyes gleam unnaturally. City health officials are completing details of their investigation, preparatory to opening prosecution of those responsible. Officials said they had learned that the girl was placed in the cellar when she was two years old. They said she had the physical appearance of a child of six and her face was gaunt and discolored. The girl was found in a crib in the corner of the cellar covered with a quilt. The only light came from one small window. The girl's stepfather, Steve Zarn, is a railroad employee.

Springfield.—Actual construction work on the Illinois waterway, for which an expenditure of \$20,000,000 was authorized in an amendment to the state constitution voted in 1908, will begin the middle of October, it was announced by Director Frank I. Bennett of the state department of public works and buildings. The first work will be done at Marseilles and Starved Rock. The project, the culmination of over 100 years of agitation, will extend from Lockport, on the Des Plaines river, to La Salle, on the Illinois river, a distance of 65 miles, and will connect approximately 15,000 miles of improved waterways in the Mississippi valley and make continuing navigation between the Mississippi river and the Great Lakes.

Springfield.—Despite the strike settlement, Illinois coal mines are working but part time. It is due to a shortage of coal cars, a report of the state department of mines and minerals says. The car shortage has been prevalent for months, the report says, and is reducing the output of some of the mines to 50 per cent of normal. Williamson, Franklin and Saline counties, the three largest coal producing counties in the state, are the hardest hit, the report says. Central Illinois fared better, but was also affected to considerable extent.

Chicago.—Adj. Gen. Frank S. Dickson announced the appointment of Col. William E. Swanson, Chicago, to the command of the Second Illinois Infantry, and that of Col. Anson L. Bolte, Chicago, to the command of the First Illinois Infantry. Colonel Swanson was formerly of the Eleventh Infantry and Colonel Bolte of the Third reserve militia.

Springfield.—Guard against the prevailing "summer flu" is a warning which is issued to residents of Illinois by Dr. C. St. Clair Drake, state director of public health. The development of the epidemic is a matter of considerable concern in all parts of Illinois. A large number of cases are under treatment in Springfield and vicinity.

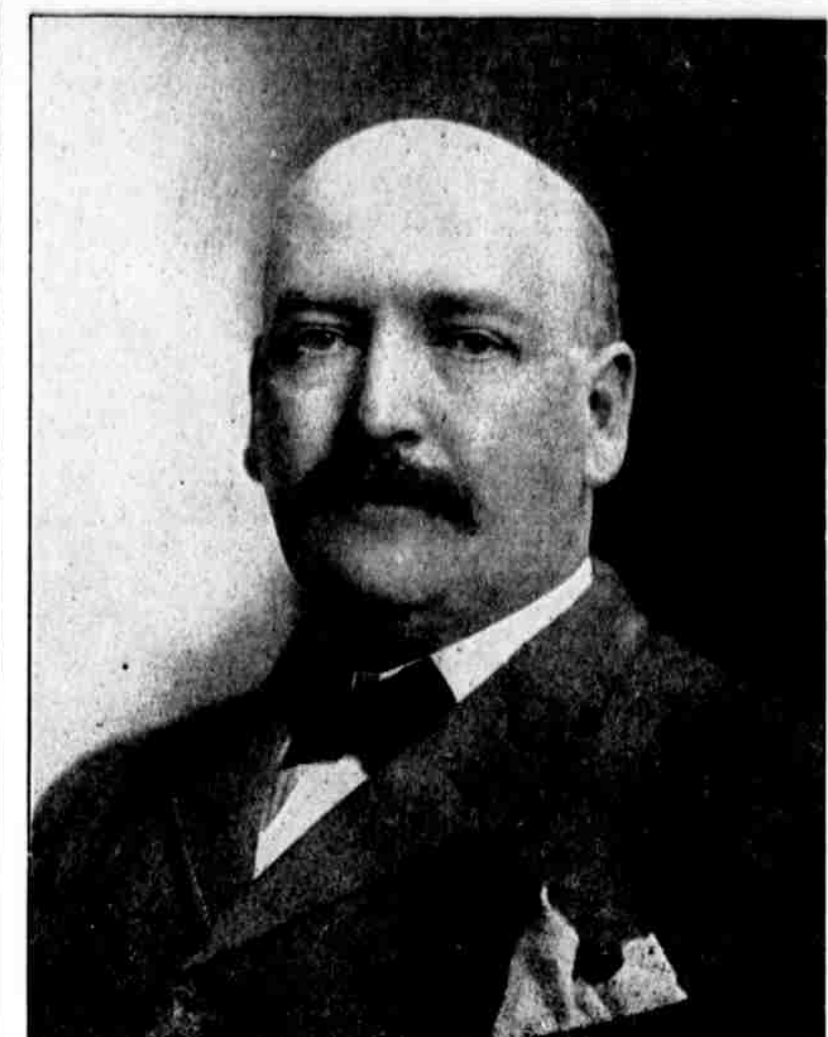

Champaign.—Denial that prospective students of the University of Illinois were unable to find rooming accommodations in Urbana and Champaign was made by university officials.

Quincy.—Eight deaths occurred at the old soldiers and sailors' home at Quincy during the month of August, a report shows. The oldest was eighty and the youngest seventy-four.

Sterling.—Lincoln highway paving between Dixon and Sterling has been completed and the road is now open to travel.

Chicago.—Officials of Bunte Brothers, confectioners, and three wholesale grocery houses were indicted by the federal grand jury, charged with profiteering in sugar. The grocery houses named are the Empire Grocery company, Hadenham Brothers and the Henderson Taylor company.

Springfield.—There were 287 arrests in Springfield during the month of August, police records show. This is a large increase over preceding months. Disorderly conduct charges predominated. Speed violators and larceny came next.

VOTE FOR BUGEY

Popular Assistant Corporation Counsel Should Be Nominated for Municipal Judge.

John A. Bugey, one of the best known and most popular lawyers in Chicago is a Republican candidate for Associate Judge of the Municipal Court. His ability and high character are attested by all who know him and his elevation to the bench would be a well deserved compliment. Mr. Bugey is at present an assistant to Corporation Counsel Etteson and his work in that important department has won for him much praise.

FOR JUST TAXES

Property Owners Outside of the Loop Resent What They Call a Very Unjust Discrimination.

Home owners and owners of realty outside of the loop are loud in their protest against what they consider unfair taxation.

They are raised over 31 per cent on their valuation while the loop district escapes as usual with the same percentage as the little fellow.

All business is driven to the loop by every bit of city legislation.

Rents in the loop have been raised exorbitantly. The loop taxes on income property should be raised accordingly.

Several of the aldermen are feeding class hatred by abusing property owners.

Chicago people are doing pretty well in the way of boosting the town at home. Patronize home industries. That is "boost" enough.

Maurice T. Cullerton is much respected as a leader in labor circles.

Captain T. F. Barry, the popular general manager of the Globe Mutual Life Insurance Company of Chicago, is one of the most popular underwriters in the state, as well as a progressive citizen whose views are always popular with men who love justice and honesty.

Frank Johnston, Jr., able judge of the Circuit court, would make a great governor of Illinois.

ROBERT E. BURKE

Democratic Nominee for U. S. Senator
